Kingspan Klargester have 65 years' experience in the design and manufacturing of water management solutions. Our local team offer free site visits, professional installation advice and expert aftersales care including service and maintenance from our in house Kingspan service team.

## BioDisc with Reed Bed Filter Tray solution for domestic use

Our Klargester domestic BioDisc range is available to suit all types of domestic applications. BioDisc is a tried and tested, reliable choice suitable for a 6 or 8 population equivalent house. Our new BioDisc with Reed Bed Filter Tray solution is an exciting new addition

to the existing domestic BioDisc product range. It is a fully managed solution for your home's sewage treatment needs, comprising of a BioDisc sewage treatment plant, reed bed filter tray.

### BioDisc with Reed Bed Filter Tray offers the following benefits:

- Fully compliant against SR66:2015 and suitable for 6 and 8 population equivalent dwellings
- Delivers all the benefits of the traditional BioDisc, but with a fully packaged solution
- Low noise, smell and affordable running costs
- Tried and tested performance, excellent effluent quality of 4mg BOD, 3.8mg of ammonia and 6mg suspended solids.
- Minimal visual footprint
- Reduced soakaway area and overall reduced installation time and space
- Trusted manufacturer with 65 years' experience
- A cost effective solution for your domestic wastewater treatment
