Storage Containers

Grit Bins, Bunkers, Meal Bins & Chemical Stores

The unique high specification of design of each and every product in the Titan range guarantees that customers receive not only the strongest and most resilient products available on the market but also storage solutions that meet their specific requirements. The Titan range includes grit and salt storage bins, solid fuel bunkers, forecourt bunkers, meal bins and chemical stores. Designed to adapt to any situation, Titan multi-purpose storage containers have countless uses.

Coal Bunkers

Designed for the storage of coal, slack, wood and peat briquettes.

- Manufactured from medium density
- UV resistant polyethylene
- Suitable for outdoor or indoor use
- Strong and robust
- High impact strength
- Cannot rust or rot
- Top and bottom opening for easy access
- Available in black or green

- 1. BO 150:**
Capacity 150kg
L850 W600 H770mm
- 2. BO 300:**
Capacity 300kg
L950 W880 H970mm
- 3. BO 600:**
Capacity 600kg
L1190 W970 H1140mm

Grit Bins

Designed with the suitability and endurance required for public locations, these containers are primarily for the storage of salt and sand, for using in icy weather to keep paths and driveways slip free, but are also suitable for grain and garden equipment.

- Moulded in impact and UV resistant MDPE to give an exceptionally strong construction
- Rust, rot and weather resistant
- Vandal resistant double skin lid which makes it ideal for public locations
- May be fitted with hasp and staple
- Highly visible yellow
- Requires no assembly

- 4. GB 200**
Capacity 200 kg
L790 W480 H790mm
- 5. GB 400**
Capacity 400 kg
L1020 W610 H1020mm

Maxi Bunker

These bunkers were primarily designed to provide an attractive and secure display for a forecourt, but have evolved into a multi-functional storage container.

- Moulded in impact and UV resistant MDPE to give an exceptionally strong, long life construction
- Rust, rot and weather resistant
- Fully retractable roof for exposing products
- Wide choice of colours
- Requires no assembly and is easy to access for filling and emptying
- Each MAXI bunker is supplied with a padlock
- Suitable for forecourt location - storing pre-packed products such as wood, coal, charcoal or pet food
- Can also be used as a bund for storage of chemicals
(Please make enquiry with sales office before purchasing)

MAXI Bunker:
Capacity 30x25 kg Bags
L1920 W1060 H1000mm

- 7. CHEMICAL Store:**
L1140 W540 H670mm

The large bundled store is ideal for the storage of dry chemicals (powders) and features fully lockable lid, removable powder store and a galvanised floor.

Maxi Store

The Titan Maxi Store is a new innovation in storage containers. This compact container is suitable for a variety of storage needs, anything from domestic and agricultural to commercial whether indoor or outdoor.

- Lid is lockable ensuring contents are securely stored (lock not included)
- Moulded in impact and UV resistant MDPE to give an exceptionally strong, long life construction
- Available in black as standard. Other colours are available on request
- Black polyethylene divider included for separating contents
- Suitable for secure holding of paint etc, pet food, toys, bags of wood or small garden equipment
- Rot, rust & weather resistant

- 8. MAXI Store:**
L1140 W540 H670mm

Meal Bin

The Meal Bin is a tough and durable cattle drinker. It provides a simple and economical solution for the agricultural industry.

- Rotationally moulded from top quality medium density polyethylene
- Ultraviolet stabilised for protection against sunlight
- Excellent impact strength for maximum durability
- Durable and robust for a long life product
- Lightweight and easily transported for your convenience

- 9. MEAL Bin:**
L1375 W1200 H920mm
